**13 February 2008**

Business Leader,

The Humane Society of Elmore County offers a way for local businesses to benefit from a partnership with our organization. Sponsoring our web site is an excellent corporate sponsorship opportunity, and in turn we will provide a link/logo to your web site for the length of your sponsorship.

Countless animal lovers visit [www.elmorehumane.com](http://www.elmorehumane.com) daily from all over Elmore County and the surrounding areas. These animal lovers represent some of the most loyal consumers in the market place. So with the hundreds of adoptions we will do this year, and a web site that averages over 10,000 hits per month, we can get your offer in front of these loyal customers who need and want your products and services.

We have had success with the public becoming involved filling out online forms such as, potential adopters, volunteer and feedback forms. Our site has greatly improved our communication with the public while also making it possible for them to find information about our shelter and many other animal related agencies and issues they need at any time.

Becoming a corporate sponsor will help aid our shelter get much needed information to the public and help our homeless animals find loving homes. With over 5000 animals coming through our doors each year we strive to do everything in our power to help them find loving and lifetime homes. By simply paying an annual web hosting and domain name fee in the amount of \$119.00 you can help us make a difference.

The Humane Society of Elmore County would like to thank our Corporate and Individual Sponsors for their continued support. We rely on the generosity of local businesses to donate their much needed services and/or cash contributions to achieve our mission. As a non-profit organization, your donation is also tax-deductible and we will provide the necessary documentation for your tax records.

On behalf of the animals in our care, we sincerely thank you and for more information feel free to contact us either by phone or email as noted above.

REA CORD

Director
